

Jenna Jane

What it's like to work with Jenna Jane on a voiceover project in 5 easy steps:

1. I send you a **questionnaire asking for details** on your project, like genre, script length, and usage. You send it back.
2. I send you a **custom quote** and, if requested, a **custom audition**.
3. We sign a **contract**.
4. **I record** independently or we do a live remotely-directed session over a video chat platform.
5. **You pay** our agreed-upon fee.

That's it! [Request a quote](#) to get started.
